

Attachment 3  
To MDEQ Stormwater Discharge Permit Application  
(PPP Plan)

## Public Participation Plan (PPP)

### Attachment 3 to MDEQ Stormwater Discharge Permit Application

2. Provide the procedure for making the SWMP available for public inspection and comment. The procedure shall include a process for notifying the public when and where the SWMP is available and of opportunities to provide comment. The procedure shall also include a process for complying with local public notice requirements, as appropriate.

The SWMP will be available on our website [www.flinttownship.org](http://www.flinttownship.org). There will be an email address link to comment on the plan. The SWMP will also be available for public perusal in the Building Department and Sewer/Water Department.

3. Provide the procedure for inviting public involvement and participation in the implementation and periodic review of the SWMP.

Notice will be given at two public meetings inviting comment, these meetings are televised (at several different times) and usually the local paper will report notices to the public for us. We will also post notice on our website. The SWMP will be available on our website [www.flinttownship.org](http://www.flinttownship.org). There will be an email address link to comment on the plan. The SWMP will also be available for public perusal in the Building Department and Sewer/Water Department.
